BE SUN SMART

Chemists' Own

Keep your skin protected from harmful UV rays with Chemists' Own Sport Sunscreen Lotion SPF 50+. A broad-spectrum sunscreen that offers the highest protection, it is designed for those who enjoy outdoor activities and spend extended periods in the sun. It is non-greasy and provides four hours water resistance. Chemists' Own also have a 'Dry Touch' range that offers a powder finish. We found this a perfect option for those who don't enjoy the uncomfortable combination of greasy sunscreen and sweat when on court. There is really no excuse not to be sun smart this summer.

NEXT GEN LEADER

HEAD

The weapon of choice for world No.4 Alexander Zverev, the HEAD SPEED MP BLUE racquet is striking in many ways. It features ground-breaking Graphene Touch technology, which improves shock absorption and unparalleled touch without compromising power. It also has an open 16/19 string pattern for more spin and an eye-catching exclusive design. Designed with Zverev's favourite colour in mind, the sportive high-contrast blue colour blocking comes to life through a mixture of different shades of blue and a sophisticated black chrome spot colour.

CHECK OUT THIS CART

Polytec Sports

Just in time for summer, Polytec Sports is releasing a new and improved BallMaster 3.0 ball cart. With a long list of features, it sets the benchmark for ball storage and transport. Holding 200 tennis balls, they are available in blue, green, orange and red colours, and include a velco divider for easy separation of different ball types. The cart's taller 103-centimetre frame makes reaching balls more ergonomically-friendly, while larger heavy duty wheels and brakes improve stability and durability. Additional storage is not an issue with an accessory tray at the base of the frame, multiple pockets on every bag and racket holders included.
